3. We will create your company profile and set up your Request Information form.
4. We will update and maintain your page as required so you can promote product launches, store sales, events and more through your company page!

Tips to get the most out of your listing

- Enter a full description of your company. The more information you provide the better, as it will help people find you using the search tool.
- Use as many keywords as possible. The keywords will help you appear in the search results. If you sell different types of products, be sure to list them all.
- Select the category that best represents your company. Your company will be listed under this heading.
- Include your booth number. Make sure customers can find your company on the show floor.
- Offer a show special or discount. Use a promo code or offer a percentage off to people who mention your listing, this way you can track the results.
- Follow up with email requests in a timely fashion.
