

HOME & GARDEN SHOW

SAN ANTONIO

APRIL 16-18 2021
The Alamodome

Below is what some exhibitors had to say about our FIRST show in nearly a year... the Johnson County Home + Garden show, which ran March 5-7, 2021 in suburban Kansas City. Attendance exceeded our expectations and delivered solid ROI to exhibitors. Homeowners were definitely buying!

“The show was great. We sold 30 fire pits, and last year we only sold 16! We are so excited to be back doing shows after a tough year.” *Brad Easley from Rough & Rigid Fire Pits*

“We received a little over 30 leads in last year’s show and was surprised we received over 50 leads for this show!” *Do-Right Builders Remodeling, Mike McCartney*

“We are extremely happy with the results. Usually we have a 300 sq ft booth and for next year we upgraded to a 500 sq ft so we can bring not only indoor furniture but outdoor furniture as well.” *Frontier Furniture, John Wade*

“First year in the JCHG show. We usually do the fall show but very happy with the results and thought the quality of the attendees was better than we expected.”
Concrete Designs, Seth Taylor

“Sold all of our massage chairs and we will definitely be back. The show was worth it, and we are happy we booked in the show this year.” *Human Touch*

“Darn! We killed it at the show so we will definitely want to be at next year’s show.”
Hawaiian Moon, Bridget Sherriff

“Our rep who did the JCHG show had her BEST show ever in that event!”
EuroCAST Cookware, Kathy
