

What is Floor Covering?

It is a cover for your booth floor, such as carpet or foam flooring. See the photos below.

Why do I need Floor Covering?

- The floor covering in the booth is simply for aesthetics. It is pleasing to the eye and helps your booth look nice for the attendees that are visiting.
- It is also comfortable for your feet after standing for long hours on concrete!

Where can I get a floor covering?

- You can rent a piece of carpet from the show decorator, General Exposition Services. They will provide and lay the carpet for you using double-sided carpet tape. The year's price for a 10x10 is \$150. For pricing on other booth sizes, please visit the section "Ordering Additional Services" in our [vendor kit](#).
- You can also bring your own flooring. It is cost-efficient to invest in flooring if you will be doing more MPE shows. Our company mandates that flooring be used in booths for all our shows.

Where can I purchase floor covering?

- Any of the box retail stores like Walmart, Target, or Costco have pieces for purchase. (Especially during back-to-school time for dorms!)
- A few vendors have purchased flooring this past year and sent me links to find foam flooring.
