## *A Letter From Our Show Manager*

Hello Ottawa –

First, on behalf of the entire team, welcome back to the Ottawa Home and Remodeling Show! We are truly thrilled to be able to see all of you once again. For many of us, the pandemic has reacquainted us with our homes, often bringing us face to face with abandoned projects of the past or dreams of the potential retreat that a new space could offer: that comfy place to cozy up and read a book; that dream chef's kitchen; that awesome workshop with tools to tackle any project; or that much-needed home office space. There's no better time than now to start thinking about the home design and renovation that will make your dream projects become reality, and with hundreds of trusted brands and local companies onsite, there is no better place to get inspired than the Ottawa Home & Remodelling Show.

We are excited to have HGTV Canada's **Bryan Baeumler** back in Ottawa and hitting the **Sleep Country Main Stage** on Thursday and Friday. Bryan will be sharing his knowledge as a general contractor, his experience as a TV personality and his most recent adventures renovating an abandoned resort in the Bahamas. Mr. Baeumler will be joined by an impressive roster of local experts, sharing advice on home design, organization, construction, and remodelling, all taking place on the Sleep Country Main Stage throughout the show.

Love to relax and unwind? Visit **Krucker Sauna Land** and explore their collection of beautiful, handcrafted cedar saunas. Krucker Saunas are built by hand in Sudbury, come in a range of shapes and sizes and can be heated by propane, firewood or wood pellets. Make sure to check out their display!

Whether you're looking to expand your family fun and home entertainment factor or create a quiet oasis to relax and destress, **Purewater** has you covered this winter, offering the best selection of hot tub models and features in the Ottawa region. Check out their hot tub zone at the show.

After you've consulted with the home renovation experts onsite, stop by **The Perth Brewery Lounge** to reflect on the next steps in your remodelling plans over one of Perth's traditionally handcrafted beers.

On behalf of the entire show team, I would like to sincerely thank all of our visitors for coming out to experience our show. We hope you thoroughly enjoy your visit and that you leave inspired and confident to tackle your next home project!

Sincerely,  
*Robert Johnstone*

# SHOW PRESENTERS

## Show Presenters on the *SleepCountry* Main Stage

**Bryan Baeumler**  
– TV Personality

Bryan doesn't believe he's put in an honest day's work unless he gets his hands dirty. A natural-born teacher, the Gemini-award winning host has been educating and entertaining viewers across Canada and the US since 2007 on the hit shows Disaster DIY, Canada's Handyman Challenge, Leave it to Bryan, House of Bryan, Bryan Inc. and his current hit show Island of Bryan. Bryan's quick wit and easy-going personality have made him a huge hit with viewers on all of his home renovation shows.

Learning valuable tricks of the trade from his father, a meticulous aircraft engineer, Bryan spent his childhood summers building his family's cottage from the ground up. After earning a dual degree in Political Science and Business, Bryan was headed towards a career of practicing law. Realizing he'd rather be renovating than being chained to a desk, his innate passion for building took over and he traded in his tie for a tool belt and founded Baeumler Quality Construction.

A few kids and number of hit TV shows later, Bryan continues to tackle home renovation projects, be the spokesperson for numerous products and expand his growing businesses to include Baeumler Approved and Baeumler Custom Cabinetry. Currently filming Island of Bryan with wife Sarah, viewers will be able to watch them restore a small abandoned resort on South Andros Island in the Bahamas. In Island of Bryan, we follow the story of this radical life event for the Baeumler's, from a dream of creating and running a luxury boutique resort in paradise, to the reality of leaving their friends, family and life behind to take on their most challenging build yet. For more information about Bryan, visit [www.bryanbaeumler.com](http://www.bryanbaeumler.com).

**Adam Weir – TV Personality**

Adam Weir has a multitude of interests and abilities. From a young age, he taught himself magic and worked that into a business for himself at the age of twelve. He graduated with Honours from the Television Broadcasting program at Algonquin College and moved to Montreal to further explore the Television and Movie Industry. Here he worked behind the scenes concluding with a job as a 3rd Assistant Director. That led to his own stage show as a Magician on Discovery Cruise Lines. He later moved to Toronto, which led him to work on the last 13 television seasons on some of the most successful series for HGTV. These experiences honed his affinity and skills in construction work. During this time, he worked in a variety of roles including construction coordinator, project manager and on-camera talent, most recently on 3 seasons of Island of Bryan. Since leaving the Island, he has produced, directed, and filmed a number of videos for suppliers and sponsors. He has most recently acquired the exclusive rights to EZ Dock in the Kawarthas ([ezdockkawartha.ca](http://ezdockkawartha.ca)). He is excited to bring together his love of entertaining and his knowledge of construction to the Ottawa Home Show this year.
