# Welcome

TO THE SALT LAKE HOME+GARDEN SHOW

**A**S WE'RE TRANSITIONING into warmer spring days, the Salt Lake Home and Garden Show prepares for another season of the hottest home design and landscaping trends. As always, our team has one goal in mind—to provide the highest quality products and services to help you turn your house into the home of your dreams. We are excited to provide valuable ideas and creative inspiration for every room in your home!

**HOME SHOW TEAM:**

- 1. Ian Richmond (Show Manager),
- 2. Amanda Bates,
- 3. Kayla Donaldson,
- 4. Carlton Edwards

This spring, we're pleased to welcome a special, national TV celebrity guest to the Salt Lake Home and Garden Show—Ty Pennington. The famous face of TLC's *Trading Spaces* and ABC's *Extreme Makeover: Home Edition*, Pennington is an expert in building homes and mending hearts. As an experienced carpenter, Pennington knows how to transform worn out rooms in a home into spaces that are beyond extraordinary. He is determined to use his talents to give back to communities and families in need. Pennington will share design tips for home improvement and answer your home renovation questions, so make plans to see him on Saturday at the show.

Additionally, we will have many Utah home and garden experts on hand to discuss home improvement and landscaping tips. You can gather inspiration for the season to come by stopping by our Design Stage and Garden Stage on Friday, Saturday and Sunday.

Above all, we want to boost your enthusiasm for all your home improvement, design, and landscaping ventures. Your thoughts are very important to us, so join us on Facebook!

See you at the Home Show,

Ian Richmond and the Home Show Team

# HEY SALT LAKE, IT'S TY PENNINGTON

From TLC's *Trading Spaces* and ABC's *Extreme Makeover: Home Edition*

**T**Y PENNINGTON first garnered national attention as the quirky and creative carpenter on the groundbreaking home improvement series *Trading Spaces*. Later as host of ABC's *Extreme Makeover: Home Edition*, Pennington helped transform the lives of hundreds, while inspiring millions more around the world to volunteer their time to help others. The show was consistently rated among television's Top 20 programs and won two Emmys® for Outstanding Reality Program.

Pennington has been recognized as a leader in the field of volunteerism for his work on ABC's *Extreme Makeover: Home Edition* and his role with Abode Shelters, an international charity that provides sustainable, humane housing for homeless and impoverished city dwellers.

In addition to his extensive television work, Ty is recognized for his design expertise and style. He launched the Ty Pennington Impressions fabric line with Westminster Fabrics, a flooring line, The Ty Pennington Collection, featured by Lumber Liquidators, and outdoor and holiday décor products, Ty Pennington Style— one of the most popular brands at Sears for 16 consecutive years.

Pennington's last book, *How Good Design Can Change Your Life* (Simon & Schuster) is an intimate look at Ty's design inspirations with décor advice and tips. It followed his New York Times bestseller *Ty's Tricks* (Hyperion), which is part reference and part behind-the-scenes in Ty's own home, which he completely remodeled himself.

In preparation for his upcoming trip to the Home Show, we asked him some questions. Here's what he had to say.

*Continued Next Page >*

**As a carpenter and DIY pro, Pennington has a natural ability to build outstanding creations. Don't miss his unmistakable enthusiasm and knowledge when he appears at the Home+Garden Show on Saturday, March 12 at 1 p.m.**

**HERE'S A QUICK Q&A WITH TY PENNINGTON:**

**Q.** What's the biggest DIY fail you've seen?

**A.** Have you ever seen *Trading Spaces*? I'm going to plead the fifth on that one!

**Q.** Tell us about your pets.

**A.** Well, I have a dog that I rescued named Georgia, and she lives in Florida with my mom. She's a gentle giant of a soul. And Kellee has recently reunited with her dog Dory and she's with us in Savannah right now and I'm quickly falling in love.

**Q.** What's your favorite paint color?

**A.** I don't think I could pick a favorite, but you have to love how a gallery chooses JUST the right white to really show off the art. If you aren't certain about a color, use it in accents with textiles and fabrics in a room. A pillow is much easier to switch out than an entire wall.

**Q.** What are your best landscaping tips?

**A.** Use plants that are native to your area for less maintenance and always look at your yard as an additional room.

**Q.** What are you currently reading?

**A.** I haven't been reading as much as I'd like, and sadly books can be a struggle with my ADHD, but I love any design magazine – especially ones that I can pick up in airports from different countries. Scouting out foreign design might be one of my top favorite past times.

**Q.** What's your favorite room in your home?

**A.** Probably the kitchen because it's where people gather. That, and because the pool is right off it! I also love our sundeck and relaxing outside.

**Q.** Any furniture thrifting tips?

**A.** Dumpster dive!! No, seriously, I love doing it and think that each city has a whole different vibe when it comes to thrifting. I've found doors in New Orleans that will make you cry they're so beautiful, and killer mid-century pieces in Pittsburgh. I would say my advice is that every city has a different thrifting soul, so be sure to explore when traveling.

**Q.** What's your favorite part about speaking at a home show?

**A.** It's always great to see what's been redesigned, reinvented, and reimaged in the world of homes.

**Q.** What project are you currently working on?

**A.** So many! I will be starting another show soon and I'm wrapping up the renovation of a building in Atlanta. Those are the "big" things, but with me, there are always hundreds of small things...you know, like remodeling a warehouse in Savannah...ha!

**Q.** When you design a room, what is the most important interior design advice you give?

**A.** Make it yours and it doesn't have to come together overnight. The rooms that we love have items that we've curated from time, experiences, and travel. If you don't have enough to fill up the bookshelves in your den, put a childhood toy on there that reminds you of someone special or is from your youth, or artwork from a friend. Don't work to make it perfect. And remember to focus on the intent of the room. If it's a dining room, is there a place nearby to put your food when serving? Are the chairs comfortable to invite conversation? If you're trying to make your family room comfortable and a place for everyone to gather instead of going their separate ways each night, try putting a basket of blankets next to the couch and games nearby that might entice interaction.

LEARN FROM AND INTERACT WITH THE EXPERTS

**Clark Bell,  
BioGrass Sod Farms**

The name Clark T. Bell has become synonymous with sustainability technology in agriculture and horticulture. With more than 20 years in agribusiness, Clark was raised farming Turfgrass sod crops in Utah at BioGrass Sod Farms, Inc. In 2014, Clark co-founded Aqua-Yield® - a liquid fertilizer company using patented nanotechnology delivery systems.

**Analee Fuller,  
Personal Trainer**

Analee Fuller has a bachelor's degree in exercise and wellness from BYU, and she is a certified personal trainer and nutrition coach. She is passionate about helping individuals to connect with natural lifestyle practices to improve their health.

**Nikki Wyman,  
Utah Water Savers**

Nikki Wyman is a native Utahn, and proud Sandy City resident and employee. Nikki helps coordinate water education and outreach programs for residents, including the flip your strip program. She's passionate about water conservation, preservation of Utah's unique ecology, and spending time in nature.

**Cameron Allcott,  
Progressive Plants**

Cameron Allcott has over 30 years of horticultural and landscape design experience. His nursery, Progressive Plants, is a leading supplier for garden centers and contractors, as well as the online retail market. He is often found consulting industry professionals and homeowners alike.

**Stephen Fitzwater,  
Organic Gardener**

Stephen's love for gardening goes back to when he was a child, and his parents always had a beautiful garden. Stephen invented and patented his own vinyl-design raised bed garden. For two decades, Stephen has counseled thousands of families on how to be successful growing healthy vegetables.

**Cynthia Bee,  
Landscape Design**

Cynthia Bee has spent her career teaching homeowners how to create beautiful home landscapes. Cynthia holds a bachelor's degree in landscape architecture and has spoken at events all over the western United States and with TEDx, sharing her unique perspective on regional landscapes.

**M'Li Hoki,  
Water Wise Designs**

M'Li Hoki is a consummate plant lover who honed her skills with a degree in landscape management from BYU. Her specialty is designing landscapes with plants that are both edible and ornamental through her landscape design company Water Wise Designs.

**James Batton,  
The Arborist**

James Batton is a local consulting arborist and horticulturalist. He specializes in diagnosing health-related plant issues and helping homeowners find the best solution for healthier, long-lived landscapes. Since 1979, he has designed, tended, taught, consulted, and written about landscape healthcare. You can catch him on YouTube, Facebook and Instagram.

# TOP 10 TIPS FOR REMODELING YOUR KITCHEN

A kitchen remodel is not for the faint of heart.

But there are some tips and tricks we've learned along the way that will make your remodel run smoother and yield a beautiful and functional result that you and your family will enjoy for years to come. Enjoy our top 10 tips for kitchen remodeling!

## 01

### REPURPOSE YOUR OLD CABINETS

Out with the old and in with the new? Not in this case. Not only is repurposing your old cabinets cost effective, but it can also save a lot of time. You'll be able to work on them on your schedule instead of going back and forth with different companies getting quote after quote and installation after installation.

Pro tip: Purchase a paint sprayer and create a paint spray booth in your garage. This will save on time and allow consistent coverage on all cabinet doors, but don't forget the primer.

For styling, make use of the cabinet space you already have and remove some of the doors permanently for an open-shelving look. You can use this airy open-shelving concept to display your favorite china pieces, plants, spices and herbs, or family photos.

## 02

### MAKE A BUDGET AND STICK TO IT

The kitchen is easily the most expensive room to renovate in a home because there are so many pieces and materials that go into it. So, making and sticking to a budget is very important. Consider these factors when thinking of doing a kitchen remodel: how much you can afford, the quality of kitchens in your own neighborhood, and how long you plan to stay in your current home. If you are considering resale soon, make sure that the money you put into the remodel will be made back, plus more, in the sale of your home.

## 03

### THINK ABOUT THE TRAFFIC PATTERNS

Take a seat and examine how your family flows throughout your kitchen. Are there traffic jam areas that need improving? The last thing you want from a remodel of any sort is loss of function. Kitchen pathways should be around 42 inches wide, or 48 inches wide for kitchens with multiple cooks.

## 04

### CHOOSE YOUR MATERIALS AND FIXTURES BEFORE BEGINNING

Choosing all your materials and fixtures (lighting, cabinet pulls, faucet, etc.) before beginning the project will allow for contractors to give you the most accurate bid possible. It will also give you an overall sense of the style and look that is to be accomplished. You will also reduce the risk of a remodel postponement because of backorders.

## 05

### DON'T UNDERESTIMATE THE LIGHTING

Lighting is so important and is often an element that gets overlooked. The right lighting can make a space feel bigger and brighter, as well as help you do your kitchen tasks carefully and efficiently. Consider under-cabinet lighting since cabinets create dark work areas. Recessed lights work best over sinks and general prep areas, while pendants are great for above the island.

## 06

### HAVE A FOCAL POINT

It is important to add your own personality into your remodel, but it can be easy to go overboard with design, especially in small spaces. That's why we think it's important to choose just one show-stopping element. For example, selecting an intricate or colorful flooring choice would complement simple countertop and cabinet options.

## 07

### CONSIDER THE CLEANUP

When choosing materials and designs, take into account the amount of time it will take to clean. Be on the lookout for things that will get dirty. For example, some backsplashes with porous textures or many grout lines will take longer to clean than those with a smooth, easy to wipe texture. Or open shelving above a stove. You will most assuredly have to clean grease splatters off those items more frequently.

## 08

### WEIGH THE OPTIONS WHEN IT COMES TO COUNTERTOPS

Granite, Quartz, and Laminate... oh my! It's one of the big-ticket items in a kitchen remodel, and when it comes to choosing the best countertop for your lifestyle and budget, make sure to do your research. Each option will have a list of pros and cons. For example, marble is a beautiful, durable, and long-lasting material, but comes with a steep price tag. On the other hand, laminate or painted countertops are easy to install, budget conscious, and easy to re-do if you get tired of your style choice in a few years, but they are not as durable as the stone options.

---

**For more expert help,  
stroll through the many  
booths at the home show,  
all weekend!**

## 09

### BASE YOUR CHOICES ON REAL LIFE

Is it more storage space you're after? More counter space? A bigger fridge? A desk space? Don't be afraid to indulge in some of your whims. You do have to live in this space after all. Remember why you started and make your kitchen work for you and your real life.

## 10

### EXPECT THE UNEXPECTED

No remodeling project goes exactly as it should, so that's why it's important to expect the unexpected and build some flexibility into your schedule, budget, and material choices. Whether it's a product delay, labor problem, or a re-design, don't get too discouraged. All great things surely take time.

## BRING HOME MORE energy savings

Whether you're looking to lower your monthly energy bill or shrink your environmental footprint, we have programs built around your goals. Giving you ways to save helps Rocky Mountain Power keep electricity prices among the lowest in the nation.

Come see us at booth 2806 and discover how you can improve your home's comfort and savings with Wattsmart® rebates.

# On the search for ways to save?

A Home Energy Plan is a great place to start.

A Home Energy Plan will help you discover ways you can conserve energy and save money. For \$25, a Dominion Energy home energy expert will visit your home, conduct a thorough home energy-efficiency analysis then offer helpful suggestions. Follow through on any of the rebate-qualified recommendations and you'll get the \$25 charge back as a credit on your gas bill. To schedule an appointment, call **1-888-324-3221** Monday through Friday, 8 a.m. to 5 p.m.

To learn more about Home Energy Plans, available rebates and energy-saving tips, visit **ThermWise.com**.

"If you conserve, you can save."®

2022

# Circle Of Excellence

The Salt Lake Tribune Home+Garden Show team would like to honor seven exhibitors with the 2022 Circle of Excellence title. The members of our Circle of Excellence have participated in 15 or more Home Shows and earned an "A" rating or higher with the Better Business Bureau.

Thank you to this year's honorees for their outstanding commitment to current and future customers!
