# Marketing Tips to Maximize Your Return on Investment

- **Advertising** – Leverage our advertising campaign with top radio and TV stations, newspapers and e-marketing. Contact us to see how you can share our premier rates for your own advertising prior to the Show.
- **Media Promotions and Contests** – With the donation of a product or service you can take advantage of thousands of free dollars in TV, radio and newspaper advertising space.
- **Direct Mail/Email Campaigns** – We can work with you to develop postcards, newsletters, coupons, e-newsletters or advertisements promoting your participation in the Show and encouraging people to visit your booth. This is a great way to start building buzz if you are launching a new product, offering exclusive savings or just want to increase traffic to your booth.
- **In-Store Flyer Distribution** – Promote your participation in the Show and offer your customers an online discount to attend.
- **Stickers** -- Print up stickers with your booth number and the show name, date, and facility name. In the months before the event, affix the stickers to all communications—invoices, letters, packages, etc. Provide each salesperson with a batch of stickers, too.
- **Website Link** -- Be sure your website is linked to [www.desmoineshomeandoutdoorlivingshow.com](http://www.desmoineshomeandoutdoorlivingshow.com). Create a mini-site off of your company website that describes your activities at the upcoming Show. Include product announcements, show hours, contact information for staff working the Show, speaking engagement schedule—whatever will inform or excite your customers and prospects.
- **Invitation** -- Send a letter of invitation and complimentary tickets. Stress the benefit. Don't say "Visit us at booth number x." Say why. Why should recipients take the time to visit you? Are you offering a Show special? Launching a new product? What's in it for them?
- **Show Appointment Book**. Set up appointments with your key customers and prospects at the show. Send a handwritten note to your customers reminding them of your appointment.
- **Prizes** --Offer a time-limited incentive to create a sense of urgency. "The first 30 people to visit our booth will get a special prize!" Or, send your hot prospect list a coupon for a free gift that they can pick up at your booth.
- **Personal Call** --Have your sales reps personally deliver show invitations and/or complimentary tickets to customers and hot prospects.

## **SIMPLE TIPS TO HELP YOU HAVE A MORE SUCCESSFUL SHOW!**

**The Top 3 reasons people come to our shows is to see model homes, gardens and new products!**

- If you have a new product, please make sure you place it in a highly visible area
- Be sure your signage is bold and clearly states, NEW PRODUCT

**Attendees are paying for the opportunity to be sold to and they WANT TO BUY! Our research shows the more consumers spend at the show the more satisfied they are!**

- 46% of our attendees spend money with exhibitors *at the show*
- 72% say they will “probably” or “definitely” make a purchase with exhibitors in the six months *following* the show
- 10% (1 of every 10 attendees) spend over \$1,000 at the show
- 28% (more than 1 in 4) spend between \$100 and \$1,000 at the show
- 62% spend between \$20-\$99 at the show

**You only have seconds to get their attention as attendees stroll by**

Stand in front of your booth and ask yourself (or ask one of us!)... *Is it immediately clear...?*

- Who you are?
- What you sell?
- Why your company is better than y our competition?
- What you want attendees to do? (Buy your product; sample it; get a quote, etc.)

**Approaching someone that is sitting at a table is intimidating to most people!**

- It is always best to stand or sit at tall barstools

**Use the show as your own research lab**

- Ask customers to complete a survey about your booth, your product, your advertising, or their perception of your company
- Have your sales staff “test” sales pitches. Change the pitch every two hours and track the number of sales, orders, leads, etc. until you find the one that works best
- Move product, tables or chairs around, or position your staff in different ways until you find a configuration that encourages the most people to enter your booth

**Don’t “castle build”-** putting all the big stuff out front causing a barrier between you and the attendees. Encourage attendees to come in to your space to see your product instead.

**Come prepared to play the whole game!** You can get just as many leads on a Friday at 5 pm as you can on a Saturday. *In fact, many serious shoppers plan to attend during less busy times to they can really talk with exhibitors.*

**The #1 way attendees say they will follow up with exhibitors they saw at the show, after the show is to “visit their website”**

- Make sure your website is updated and ready for their visit
- Post a message on your site that mentions your appearances at the show and keep it up after the show so they know they’ve come to the right place

**We know that staffing a booth is exhausting** but the BIG BAD 3 are sales killers every time!

Please do NOT...

- Eat in your booth
- Talk on your cell phone while in your booth
- Read, play hand-held video games or otherwise look generally bored to be there

**Be sure to give your exhibitor staff ample breaks** and opportunities to eat (outside of the booth) as they are representing your company to tens of thousands of potential customers.
