# YOUR GUIDE TO #CFHS21

## Home Advice. Local Experts.

After nearly 40 years in the market, it's hard to believe that the Calgary Home Shows have now been on hiatus for almost two years. Over the decades we have prided ourselves on being an integral member of Calgary's home, design, and renovation industries and as a trusted partner and a platform for many local businesses to thrive. From the latest products and expertise, to introducing local experts to Calgarians, and bringing in some of the industry's top celebrities, our show weekends have always been full of energy; we've loved watching you all succeed in all your home improvement projects.

Like all businesses trying to manage through the pandemic, we are thrilled to be back and are cautiously optimistic about the future. As we move forward into an exciting show season, we couldn't help but reminisce about those of you who have supported us throughout the years and have helped our shows thrive. Thank you for your continued support - we could not do it without you.

Sincerely,

Marty Egli  
Show Manager  
Calgary Home Shows

Please note: The wellbeing and safety of all attendees, sponsors, exhibitors and staff is our first priority. MarketPlace Events continues to follow all provincial health orders set by the Government of Alberta, City of Calgary and its facilities. As such, The Calgary Fall Home Show will be participating in the Restriction Exemption Program. Attendees of CFHS21 over the age of 12 must provide proof of vaccination or approved negative COVID-19 test from within the past 72 hours to attend the event.

We appreciate your support in producing a dynamic marketplace and supporting local businesses through the pandemic.
