ADDITIONAL INFORMATION

To honour the Discount Price your order must be remit-ted with payment by the above noted deadline date. Only an authorized EY CENTRE qualified representative is permitted to make a connection to any of the facility's mechanical services sources or termination points. No mechanical equipment shall be restarted after failure until a EY CENTRE qualified representative has found and corrected the malfunction. Service Charges may apply. CANCELLATION: Cancellation must be made by telephone and accompanied by fax and/or email notification. A 50% refund will be applied on standard listed items on this form if cancelled less than [2] days prior to installation. No refund is applicable to installed services, cancelled on-site, and/or special order items (ie. 208 volt, 220 volt, transformers, generators, compressed air, natural gas, water fill & drain, hot water tanks, etc...). Service rates quoted include installation to the back centre wall of booth area, services while in use, and removal. If required elsewhere in the booth, a scaled floor plan must be included with orders indicating desired location. Additional labour and material charges may apply. All services are turned prior to show opening and turned off after show closes on show days. If you require 24hr service operation, please indicate. Natural Gas is available in limited quantity and in specific limited locations. Use of Propane as an alternate fuel may be per permitted subject to facility, TSSA, and Fire Department rules and regulations. For more information, please contact the facility prior to placing your Natural Gas order. All orders for Natural Gas must comply with current provincial regulations/codes/standards and the manufacturer's certified instructions. Any variation must be accompanied by a certificate/letter from the TSSA (Technical Standards and Safety Authority) approving the variance. Gas Service will not be supplied for any variance unless the above documentation has been provided and TSSA inspection has been completed. The TSSA may be contacted at 1-877-682-8772. All electrical equipment shall have a nameplate attached thereto showing the operating voltage, phase, hertz, horsepower, kilowatts, full load, and AC or DC current. Disputes/Claims: All disputes and claims must be settled prior to the official exhibit closing
