# Eclectic Gardens and Modern Elements Showcase Variety of Options for Outdoor Living Spaces

*Flower + Patio Show landscapers offer bright, innovative ideas*

What better way to celebrate the end of winter than browsing through a bounty of beautiful buds bursting with color? This year's Flower + Patio Show will make you green with excitement!

"This year's show will ring in spring with bright, gorgeous gardens," said the show's landscape coordinator, Bill Brown of Marketplace Events.

"Bright festive colors will highlight the McNamara Garden this year," said Toomie Farris of McNamara Florist. "This year's garden will feature a number of plant umbrella-shaped displays with a slightly whimsical feeling, incorporating brightly-colored watering cans and garden containers displayed in blocks of colors. You will be able to walk under several large manmade tree canopies and enjoy the varied and colorful assortment of flowering and foliage plants, which is sure to give you a case of spring fever."

"When it comes to the landscapers, we have some new faces at the show this year, so you'll see more variety and unique styles," Brown said. "Their colorful, creative designs will inspire attendees looking to spruce up their yards and outdoor spaces."

"It's our first year as a landscaper at the Flower and Patio Show, and we're excited to show our team's talent and what we have to offer people looking to renew or refresh their outdoor living space or create something from the ground up," said Midwest Landscape Industries Design Build Manager Bryce Kruger. "We are planning a simple but elegant theme, complete with putting green and pool along with some fire and water features."

"Our goal is to showcase a variety of different products and styles to give attendees a wide range of outside options," said Precision Outdoors Managing Partner

Caleb Harbert. "We will incorporate everything from simple pavers and stamped concrete to a traditional patio underneath the pergola. We're also going to show off some cool elements to amp up your space — like privacy screens and swings — to create something new and modern."

Contributing landscapers are:

- Above and Beyond Companies

# Former White House Chief Floral Designer Uses Flowers to Create Messages with Meaning

*Laura Dowling decorated America's most iconic house for six years*

Laura Dowling is known around the world as one of the top florists and flower experts in the industry. Having appeared numerous times on HGTV, Laura was also the florist for the White House for the Obama administration, a very prestigious honor, of which there have only been four in history.

As Chief Floral Designer for the White House from 2009 until 2015, Dowling managed White House floral design for thousands of official and private events, including state dinners, parties, receptions and large-scale installations, such as the Fourth of July, Halloween and the iconic White House Christmas. She is renowned for creating a new romantic style of flower arranging featuring free-flowing lines of vines and flowers emanating from a classical bouquet. This style is most evocative of nature and the garden, and balances a strong artistic vision with the wildness of nature.

Laura's unique approach focuses on the premise that flowers can be more than just decorative objects, conveying important diplomatic messages, cultural meaning and symbolic metaphor. Under her leadership, Laura implemented floral artistry at the White House, designing bouquets of seasonal garden flowers in a

style that is both modern and refined, yet casually elegant. Floral diplomacy — the art of honoring visiting dignitaries through floral symbolism that articulates compelling artistic and strategic themes — became a signature initiative during Laura's time at 1600 Pennsylvania Avenue.

Her first book, "Floral Diplomacy at the White House" (March 2017), describes her approach for creating inspiring White House flower arrangements and décor, while "A White House Christmas: Including Floral Design Tutorials" (October 2017), gives readers a behind-the-scenes glimpse into decorating the White House for Christmas. Her third book, "Wreaths: With How-To Tutorials" (2018), launched a new series of floral and design books. And her newest book, "Bouquets: With How-To Tutorials" (2020) features 75 how-to designs illustrating innovative floral styles and techniques.

She was also commissioned by the U.S. Postal Service to design a collection of four holiday wreath Forever stamps that launched nationwide in 2019.

**Come meet Laura at the Flower + Patio Show on Friday, March 18 and Saturday, March 19!**

# Find Comfort in the Wilderness

## *Create a customized stay to enjoy anywhere with Woolywagons*

Whether you're hitting the road or inviting others to stay, Woolywagons are the perfect way to escape everyday life. Steve Auth, the founder of Woolywagons in Russiaville, Ind., has been a craftsman for more than 40 years. His experience as a horse owner and with ranch life is what brought his idea of sheep wagon conversions and gypsy wagons to the market.

Starting in the horse trailer conversion industry, Steve wanted to bring something with a unique feel to people. He wanted to offer a true, Western-type camping or living experience. Although the amenities are more updated than the old wagons of the 1800s, the interior layouts mimic the feeling and look of an original wagon with exceptional durability.

"Some folks enjoy the old-type wood wagons — whether it's a gypsy wagon, sheep wagon or a tiny home," Auth said. "Our Woolywagons are completely framed in aluminum with a rustic façade. We have built for museums and have clients across the country from campgrounds and glamping grounds to individual clients who are interested in a chuckwagon to use for barbeques — where the outside chuck box table that covers the box when it is up is then dropped down and used to serve from."

With a sense of fun and creativity, Steve works diligently to bring all his customer's ideas to life. With a mix of old-time charm and convenience, his wagons are the perfect way to escape the hustle and bustle of everyday life.

"Typically, we offer varying amenities, so most builds are customized and individually priced," he said. "Some people may use one of our wagons as a guest house or a place for their local college student living at home. Then we have wagons for the glamp grounds, the campgrounds and the dude ranches."

Attendees will have a chance to check out five of Auth's tiny houses at the Flower + Patio Show.

When asked what he was looking forward to most about the show, Auth said, "It's really about the people at these types of events. They bring the excitement, and we always look forward to providing more information about what is possible when it comes to our wagon builds."

**Be sure to visit Booth #532 in Exposition Hall to check out the Woolywagons on display!**

## Contractors Duke it Out in Deck Wars

*Three top decking experts battle in Deck Wars competition, sponsored by Trex*

It's time to see who can build the most dynamite deck in the Deck Wars competition, sponsored by Trex, the world's largest

manufacturer of wood-alternative decking and railing products! Top decking experts from Central Indiana will battle it out in real time — designing and building one-of-a-kind decks. Each builder gets a 20x20-foot space in Exposition Hall, and **Flower + Patio Show attendees will choose the winner, decided on Friday, March 18!** The participating contractors are Artisan Outdoor Craftsman, Advance Deck & Sunroom of Indiana and Everybody's Favorite Deck Guy.

"We are very excited to be involved in the Trex Deck Wars this year," said Ryan Coyle with Artisan Outdoor Craftsman. "We have been involved in the Flower and Patio Show in some fashion for more than 15 years, and to be able to be partnered with a company and product like Trex is an honor. We look forward to showing the public the creativity and craftsmanship we can offer for their own backyard." Coyle has been in business for more than 20 years. His team specializes in decks, outdoor structures (including pergolas, arbors

and pool houses), pavilions, outdoor kitchens and cabinetry.

"Our goal for the Deck Wars competition is to design and build an aesthetically-pleasing Trex deck that is both functional and showcases our technical abilities and eye for detail," said John Hile with Advance Deck & Sunroom. "I know we are up against some solid builders, but we hope to set ours apart with the details." Hile has served the Indiana region and all surrounding areas for nearly 20 years, specializing in building and design services of custom outdoor living spaces including decks, screened rooms, sunrooms and pergolas.

"This competition is not just about winning and being the best deck showcased," added Steve Snyder with Everybody's Favorite Deck Guy. "We want to challenge ourselves to be better than before and learn to bring new ideas to our customers to push ourselves to the next level." Snyder specializes in decks, fencing, outdoor structures, home improvements, handyman and tree services. He has served the greater Indianapolis area for more than 10 years.

# Grow Your Gardening Skills

*Purdue Extension Master Gardeners provide info to “help others grow!”*

The Purdue Extension Master Gardeners aren't hibernating. They're ready to dig in to all your gardening questions! The Purdue Extension Master Gardener Program trains gardening enthusiasts as volunteers to assist Purdue Extension with home consumer horticulture education in communities throughout Indiana. Have a lawn problem? A dirt drama? Bring them to a trained Purdue Extension Master Gardener!

This year's Flower + Patio Show presenters are Kathryn Reeves and Karen Mitchell. Reeves is an Extension Master Gardener from Tippecanoe County and was an art professor at Purdue before retiring. She is presenting Terrariums: Magical Miniature Gardens. Don't miss these insider tips and tricks to create your own terrariums for tropical plants, ferns, moss, succulents and cacti.

"Since becoming a Purdue Extension Master Gardener, I've learned so much about growing plants, both outdoors and indoors," Reeves said. "Terrariums are a fun way to grow houseplants!"

Mitchell is a Purdue Consumer Horticulture Extension Specialist. She is presenting Landscaping with Natives: Messy or Miraculous? Warning: this presentation may result in a shift of your perception regarding unruly native plantings.

"It's incredible that more and more people are gaining an appreciation for native plants, but it's important to understand that native plants have not been bred to behave in the home garden," commented Mitchell.

Extension Master Gardener volunteers complete at least 40 hours of training in consumer horticulture, pass a final exam, and commit to ongoing volunteer and continuing education activities to expand their horticulture skills and help their community grow. For more information about the program, visit [www.hort.purdue.edu/mg](http://www.hort.purdue.edu/mg).

**Visit the Purdue Plant Info To Go Booth (#508) staffed by Purdue Extension Master Gardeners to get answers to your gardening questions. Kathryn Reeves appears on stage on Sunday, March 13, and Karen Mitchell presents on Monday, March 14.**

## Reclaimed, Renewed and Restored

Rustic Grace produces and sells top-notch, handcrafted barnwood furniture as a means to fund the Indiana Dream Team Ministry, restoring lives of individuals from past destructive choices and strengthening their character to succeed. Rustic Grace tears down old barns and builds them into something beautiful — and when you buy a Rustic Grace piece at the Flower + Patio Show, all proceeds will go toward their ministry of growing others.

# Prepare for the Perfect Picnic

*Find design inspirations for your next outdoor gathering from local designers*

As the springtime season brings warmer weather, outdoor dining becomes a popular social activity.

Want some tabletop inspiration for your next group picnic or outdoor get-together? A group of local designers — Abby Wilkinson, Abby Hake Kellermeyer, Cali Ahern, Miranda Schroeder and Rachael Bruzas/Taylor Korjenek — has a variety of tablescape concepts to dress up anything from a picnic table to a park bench! And they are all nestled around a vintage camper in the middle of West Pavilion.

Schroeder with Thoughtfully Thrifted is designing “a garden on the beach” for her tablescape. “The design is inspired by the time my husband and I spent living on Lake Michigan,” she said. “We loved grabbing a bottle of wine and heading down to the water for a picnic. One of those picnics turned into our engagement! The design for the tablescape features a hanging installation of baskets overflowing with flowers and an inviting floor table.”

Abby Hake Kellermeyer with Little Miss Martha is planning a whimsical, modern mushroom and fairies tablescape — featuring mossy greens, blushes, peaches, taupes and ivories with fresh florals, fairy houses and wooden mushrooms.

“I’ve had a love for all things magical for a long time, and I figured a mossy mushroom tablescape inspired by a nod to spring fairies would be the perfect fit for the Flower and Patio Show,” she said. “Using muted spring colors and moss allows us to feel one with our outdoor surroundings. I love creating unique tablescapes because they are something anyone can do with just about any supplies, and they can make a really big impact on any gathering.”

Bruzas said Party Little Things’ tablescape is the epitome of springtime chic. “The style inspiration is a grand-millennial take on an English Garden theme,” she said. “The table will be flower adorned — from the centerpieces to the bloom-covered paper and all the feminine design details in between.”

Ahern with Make Merry Indy enjoys creating uniquely-curated experiences that connect people through conversation around the table. She is excited to showcase her services at the Flower + Patio Show this year along with the other talented local designers.

“I’ve been pinning tablescapes on Pinterest for years,” Ahern said. “I love the beauty created in one simple view. I like to see how many layers and textures I can add to a table without being stuffy.”

“Gathering people is my favorite thing,” said Wilkinson with Abby Chic. “I am always inspired by mixing patterns, textures and just leaning super hard into a theme. I don’t do anything subtly. I’m hoping to do bright and bold colors focused on the vibrancy of summer.”

“A beautiful table can be a gateway to celebrating community around the table as it draws others into a sacred place of love and care,” Ahern said.

“I love choosing colors, textures and heights that let your eyes explore the table,” Schroeder added. “Dining is an experience that should be cherished and enjoyed. Some of the best memories we make are around the table!”

Designed and constructed by Lakeshore Hardscapes, the tavern invites show attendees to enjoy their beverage in a unique patio setting.

"This space is for potential customers to see what is possible in their backyard but also for people who are enjoying the show to have a relaxing area where they can take a break," said Robb Lester of Lakeshore Hardscapes.

Resting among almost 3,000 square feet of garden space, the tavern consists of a custom-built cedar pavilion with an elevated patio. Additional hardscapes include water and fire features. Beautiful landscaping surrounds the area.

With drinks in hand, show attendees will feel toasty and comfortable, as if they are enjoying a party in their on backyard.

Lakeshore Hardscapes' mission is to create backyard features that fit any home.

# Emily's Backyard Blooms is More Than a Flower Farm

*Master Gardener Emily Snider offers fresh flowers at four backyard locations*

Emily Snider has a passion for flowers and giving back to the community. In 2010, she left the big city of Indianapolis and moved next door to her husband's childhood home in Fortville, Ind. After becoming a Master Gardener in 2018, Emily transformed her backyard — and three others — into the floral paradise that is Emily's Backyard Blooms!

With a focus on harvesting locally-grown flowers, Emily creates gorgeous floral designs for everyday moments and special events.

"I'm a 'forager' at heart, which shows in my designs," Emily said. "I'm not afraid to play around with unusual color combinations or textures, such as wild grasses, greenery and thistles. In fact, some of my favorite items to use over the years have been found on the side of the road during a country drive!"

At this year's Flower + Patio Show, she'll be offering hand-wrapped bouquets, mini-flower and succulent arrangements and seven different garden kits — Brilliant Blooms, Heirloom Tomatoes, Kitchen Herbs, Salsa Fresca, Sunflower Surprise, Summer Weather Veggies and Cool Weather Veggies.

"We're still seeing a push toward the dried, everlasting florals as well as a mix of dried and fresh flowers in arrangements," she said. "Earthy neutrals and monochromatic designs are hot right now. Very Peri was the Pantone Color of the Year, so expect lots of purples in 2022!" Very Peri — a warming, bold lavender tone — is a brand-new shade that Pantone invented from scratch.

Emily and her husband are in the process of adding 2,600 square feet of additional space to their home, half of which will be her floral studio space. It will allow her to bring her popular workshops on site and give attendees the full "garden experience" of walking among the flowers and harvesting their own fresh blooms to design with.

**Come meet Emily at the Flower + Patio Show at the south end of the West Pavilion!**
