# Indianapolis Landscape Association Presents Feature Gardens with Outdoor Living Options

*More Flower + Patio Show landscapers with unique styles*

The Indianapolis Landscape Association (ILA) presents the feature gardens for this year's Flower + Patio Show — and show attendees have the chance to see everything from upscale and indulgent to mid-sized outdoor spaces and other more budget-friendly options in both West Pavilion and Expo Hall!

"We have several landscapers who are designing and constructing multiple gardens this year," said the show's landscape coordinator, Bill Brown of Marketplace Events. "Flower and Patio Show visitors will see a variety of options from the area's top landscape professionals — everything from greenery and blooming flowers to the hardscape fire and water features everyone loves."

"The Indianapolis Landscape Association was created to promote better acquaintance and fellowship among local nursery and landscaping firms, to encourage high ethical standards and furthering membership knowledge of green industry matters," said ILA Vice President Chris Geryak. "We are excited to sponsor the Flower and Patio Show feature gardens this year and see all the creative and inspiring ideas the landscapers present."

One of the landscaping companies, Precision Outdoors, is launching a new design studio and showing off what they can do in a larger garden space by "Bridging the Divide" between classic and modern styles of outdoor living.

"One part of the garden is a more traditional space — showcasing an open gable structure, fire pit area and an in-ground trampoline," said Precision Outdoors Managing Partner Caleb Harbert. "We also have a really cool kids playhouse that is two stories and picnic tables with activities for the kids to do while the adults get the chance to walk through the garden and enjoy the surroundings." A bridge structure connects the traditional space to a more modern design, complete with a pergola from The Smart Pergola, which offers motorized louvered roofing panels, over the deck.

"In the modern patio space, we have a clean, composite deck, BoHo outdoor kitchen and artificial turf that is predominantly geared toward lawn games," Harbert said. "We want visitors to get inspired by all the different activities you can do outside while enjoying your outdoor

space. We also have a fun and interactive pergola with selfie walls so people can snap pictures of themselves and family and friends while enjoying the show."

Katarina Dunn, landscape designer with Plant Studio Landscape, said they are excited to be involved again with the Flower and Patio Show.

"Our feature garden for this year's show will feature a functional fiberglass spa from Immerspa, a timber frame pavilion from Brookside, a waterfall as well as an outdoor kitchen, fire pit and paver patio using Unilock pavers," Dunn said. "We're excited to be crafting functional and beautiful spaces that will enhance our customers' properties and lives."

Contributing landscapers are:

- Above and Beyond Companies
- BLC Outdoor Services
- Copper Canyon Landscape
- E&M Landscape and Design
- Elsie's Flower Shoppe
- Emerald Meadows Landscaping
- Franklin Brothers Landscape LLC
- Grok Landscapes by Design
- JMT Landscape Group
- Ladd Scape LLC
- Lakeshore Hardscapes
- Lejendary Landscape
- Livin' Green Lawn and Landscape
- McNamara Florist
- Moran's Lawn Care
- Plant Studio Landscape
- Precision Outdoors
- Sales Landscapes LLC
- Seacat Landscaping

With 40,000 square feet of landscaped gardens, Flower and Patio Show attendees are sure to have a range of landscaping beauty at their fingertips.

**Be sure to visit both West Pavilion and Expo Hall for a variety of sprouting succulents, pleasing perennials and exciting outdoor spaces. And check out the Plant Market at the entrance of West Pavilion for everything from fresh flowers and plants to gardening supplies!**

# Wagons Customized for Your Comfort

*Build your dream space to enjoy anywhere with Woolywagons*

Woolywagons offers the perfect way to escape the hustle and bustle of everyday life — custom gypsy wagons, tiny houses, guest houses and sheep wagons with a mix of old-time charm and modern convenience.

Colby Pringle is the owner of Woolywagons. Established in 2008 by founder Steve Auth in Russiaville, Ind., Woolywagons excels at creating fully-custom wagons built from sturdy, lightweight aluminum, making them strong and durable.

Auth's experience as a horse owner and with ranch life is what brought his idea of sheep wagon conversions and gypsy wagons to the market years ago. While Auth is still a member of the Woolywagons team, Pringle is now leading the way and looking toward the future.

Woolywagons offers a true, Western-type camping or living experience. Although the amenities are more updated than the old wagons of the 1800s, the interior layouts mimic the feeling and look of an original wagon with exceptional durability.

"If you can dream it, we can build it," Pringle said. "Every one of our builds is unique. We have a basic footprint, and then it's up to the customer what they would like to see inside." The Woolywagons team has clients across the country — from campgrounds and glamping grounds to individual clients who are interested in a customized space they can call their own. With a sense of fun and creativity, Pringle works diligently to bring all his customers' ideas to life.

"Everything we do is one of a kind," he said. "The team works hard to bring our customers' vision to life. We are intentional throughout the designing, building and decorating process." Attendees will have a chance to check out five of Pringle's wagons at the Flower + Patio Show.

When asked what he was looking forward to most about the show, Pringle said, "I'm excited for attendees to see the true craftsmanship it takes to build one of our wagons."

**Be sure to visit Booth #530 in Exposition Hall to check out the Woolywagons on display!**

# Contractors Face Creative Combat in Deck Wars

*Four top decking experts battle in Deck Wars competition, sponsored by Trex*

Exposition Hall will turn into a creative battleground for the Deck Wars competition, sponsored by Trex, the world's largest manufacturer of wood-alternative decking and railing products!

Top decking experts from Central Indiana will battle it out in real time — designing and building one-of-a-kind decks. Each builder gets a 20x20-foot space in Exposition Hall, **and Flower + Patio Show attendees will choose the winner, decided on Friday, March 17 at 5 p.m.!** The participating contractors are Artisan Outdoor Craftsman, Advance Deck & Sunroom of Indiana, CFG Remodeling and Sky Built, LLC.

"Artisan Outdoor Craftsman takes pride in understanding the design, creativity and functionality of a space, and that is what we plan to achieve at this year's Deck Wars," said Ryan Coyle with Artisan Outdoor Craftsman. "The attention to detail and craftsmanship comes through on every job we do even if it is a simple deck to a large, covered structure and outdoor living space. We have been involved with the Flower and Patio show for over 15 years and look forward to another season." Coyle has been in business for more than 20 years. Artisan Outdoor Craftsman specializes in decks, outdoor structures (including pergolas, arbors, pool houses), pavilions and outdoor kitchens.

John Hile with Advance Deck & Sunroom has similar goals, adding, "We are going for a nice balance of

functionality and aesthetic appeal. We want to showcase our builders' technical ability and attention to detail. We enjoy the competition." Like Coyle, Hile's career in this field spans many years, and he specializes in building and design services of custom outdoor living spaces including decks, screened rooms, sunrooms and pergolas.

"It is really an honor and privilege to be able to work with Trex at the Indiana Flower and Patio show," said Floyd Foster with CFG Remodeling. "We have installed and seen the longevity of the products Trex makes, and to be able to showcase them in a fun competition just adds to the joy!" CFG Remodeling is a Christian-based, veteran-owned and operated business approved by Home Advisor, Home Depot and Porch.

Last but not least, Steve Young with Sky Built, LLC said, "We hope to bring our unique style and design to the show with our custom aspects of outdoor living taking center stage for us. We are up against some great builders, which should make for a tough decision to decide a winner in the end!" While Sky Built started as a small side project in 2015, it is now a full-fledged business Young owns and operates with his wife, Cassidy.

**Check out all four deck spaces in Exposition Hall at the Flower + Patio Show, and vote for your favorite!**

# Purdue Master Gardeners Help Others Grow

*Presentations focus on seeds and growing vegetables in containers*

The Purdue Extension Master Gardener Program makes the latest information about gardening and home horticulture available to individuals with a deep interest in gardening. Then, those gardening enthusiasts share what they have learned by leading and offering service in educational gardening activities in their communities throughout Indiana.

Have a pest problem with your plants? A dirt drama you need solved in your yard? Bring all your gardening questions to a trained Purdue Extension Master Gardener! This year's Flower + Patio Show presenters are Kathryn Reeves and Karen Mitchell.

Mitchell is a Purdue Consumer Horticulture Extension Specialist. Her passion for plants led her to complete a bachelor's degree in horticulture and a master's degree in botany and plant pathology at Purdue University. She served as the ag and natural resources educator in Tippecanoe County for six years before transitioning onto campus, where she is able to continue her statewide extension programming for community gardens and home horticulture. Mitchell is presenting "The Social Side of Seeds: Growing Communities."

"As a gardener, you feel the direct benefits of your labor of love — improving both physical and mental health through regular exercise, exposure to sunlight and access to fresh produce," Mitchell said. "My presentation will help attendees learn how to share these benefits with others and grow a stronger community."

Reeves is a Purdue Extension Master Gardener, award-winning artist and photographer. She is a retired Purdue University Professor Emerita of Art. She also taught

Kathryn Reeves

Karen Mitchell

in the College of Design at Iowa State University and worked as a garden designer with a landscape architect. She has been a horticultural practices judge for the national FFA conference held in Indianapolis, and her advice on garden design trends appeared in "Lafayette Magazine." She grows flowers and vegetables indoors and outdoors year-round.

Reeves is presenting "Top Tips for Growing Vegetables in Containers." Want to grow delicious vegetables, but have a small garden or no garden? Don't miss these easy tips to grow your own beautiful,

healthy vegetables, herbs and edible flowers in pots and containers. Learn how to choose the best varieties for container growing, fertilizer, potting mix and more.

"Since becoming a Purdue Extension Master Gardener, I've learned so much about growing flowers and vegetables," Reeves said. "Container gardening is a fun way for anyone to grow vegetables and herbs indoors and outdoors all year."

Extension Master Gardener volunteers complete at least 40 hours of training in consumer horticulture, pass a final exam, and commit to ongoing volunteer and continuing education activities to expand their horticulture skills and help their community grow. For more information about the program, visit [www.hort.purdue.edu/mg](http://www.hort.purdue.edu/mg).

# 10 Tips for Green Living at Home and Work

*Hoosier Gardener offers energy-saving advice for inside and outside the garden*

Jo Ellen Meyers Sharp is the Hoosier Gardener, and she's presenting "10 Tips for Green Living at Home and Work" — exploring some of the everyday practices that help us protect our environment, from reducing waste and saving energy to lawn mowing tips and more!

Jo Ellen is a 25-year, award-winning veteran of print journalism and owner of Write for You! LLC, a freelance writing and editing business. Her stories have appeared in several national and local publications, including "Indiana Gardening," "Edible Indy," "Family Handyman" and more. You can find her blog at [hoosiergardener.com](http://hoosiergardener.com), where she offers an informed, yet personal take on natural gardening in Indiana.

Jo Ellen is the immediate past president of GardenComm: Garden Communicators International, an organization of professional communicators in the green industry,

educating others about horticulture, agriculture, gardening, natural systems and the environment. She also is a garden coach and has a four-season commercial and residential container planting business.

For two decades, she worked at a large, independent garden center in Indianapolis, including a stint as buyer of perennials, trees and shrubs. She's co-author of the "Indiana Gardener's Guide," author of "The Visitor's Guide to American Gardens," and contributor to "Oxford Companion to the Garden" and "Phaidon's The Gardener's Garden."

A popular speaker, Jo Ellen has 50 five-star reviews at [greatgardenspeakers.org](http://greatgardenspeakers.org). Sign up for her free, award-winning monthly Hoosier Gardener newsletter here: <http://eepurl.com/gkfb91>.

## Never Too Old to Play in the Dirt

*A DIY experience for all ages to take part in plant therapy*

After more than 20 years in corporate sales, Abby Perry started Abby's Garden Parties in 2021 as a way to combine two things she loved doing — being creative and connecting with people.

"I've always been someone with a creative side," Perry said. "I decided to combine my passions

for creativity and entrepreneurship and start something entirely new." A wife and mother of four, Abby and her daughter found terrariums while on vacation, and she fell in love with them and their versatility.

Abby's Garden Parties offers DIY terrariums for people of all ages to learn how to take care of plants that can be used for years.

"They are among the easiest plants to take care of, so your terrarium is something that can be treasured for years," she said. "With an endless variety of decorations and accessories, you'd be amazed at what can be made."

Abby will bring her Terrarium Bar to your home, birthday parties, social clubs and corporate events. Abby's Garden Parties can be a taught class or shipped right to your door!

"It's tough to explain how special it is to watch people young and old have so much fun picking out their own plant and building their terrarium," Perry said. "I bring everything my clients need, including plants, soil and accessories. I talk them through the whole process and make sure they know how to care for their plants." Abby has loved making a living helping others, meeting new people and helping them start to incorporate plants into their lives.

"I love helping people tap into their creativity, and that's what I try to do at every garden party, whether it's a group of seven-year-olds or 70-year-olds."

**Join Abby and her Terrarium Bar at Booth #526 in Exposition Hall to learn more about creating terrariums! She is hosting classes at her booth on Saturday, March 11 at 11 a.m., 2 p.m. and 4 p.m.; Sunday, March 12 at 11 a.m. and 2 p.m.; Saturday, March 18 at 11 a.m., 2 p.m. and 4 p.m.; and Sunday, March 19 at 11 a.m. and 2 p.m.**

# Heath Outdoor “Digs” in With Garden Center

## *Indianapolis’s only downtown garden center, Digs, sells landscaping staples*

This spring, Heath Outdoor is excited to fulfill their customers’ DIY landscaping needs by opening “Digs,” Indy’s only downtown garden center. Located in the North Mass corridor, Digs will be phase one of the greater Yard @ North Mass development and will sell annuals, perennials and shrubs. Other landscaping staples like mulch, soil, tools and more will be available to help downtown residents and surrounding communities with their outdoor projects.

“Digs aspires to become a destination garden center, providing memorable customer experiences and empowering classes and programs for downtown residents and the surrounding community,” said Amy Lapka, Heath Outdoor’s director of urban marketplace. “Our gritty and down-to-earth Digs is more than just a store; it’s a community hub with a quirky, repurposed and industrial infrastructure along with an emphasis on recycled found objects and vintage, artful surroundings. Whether you are there to peruse the plants, or enjoy a spot near the fire pit, Digs aims to be an inclusive and family-friendly place for the community to enjoy.”

The team at Heath Outdoor is excited to show off an installation piece borrowed from the Digs garden center at the 2023 Indiana Flower and Patio Show. A vintage robin’s egg blue step van, lovingly named Paul E., will be available for attendees to explore.

“In the spirit of Digs, this feature is designed to inspire Flower + Patio Show guests to dream up and take on their own DIY outdoor projects,” Lapka said. Paul E., transformed into a potting shed, showcases a variety of vignettes outlining just a few projects show attendees might embark on after a trip to Digs. Much like the new garden center, the step van offers visitors the creative vision and confidence to bring their lawn and garden dreams to life.

“Whether you’re purchasing your first plant or already a master gardener, there is something for everyone at Digs,” Lapka said. “We hope show attendees enjoy Paul E. and find ideas for their next outdoor home project.”

Heath Outdoor started small in 2019 with just Heath and a lawnmower. Today, it’s a full-service landscaping company with more than 60 employees. Heath Outdoor specializes in designing, building and maintaining outdoor living spaces. Coming soon will be phase two of the Yard @ North Mass development, giving customers even more reasons to enjoy the space.

**Come enjoy Paul E. and gear up for your next outdoor home project with Digs! Visit them at the south end of West Pavilion.**

# Create Fun and Festive Designs with Veggie and Vine

*Find a new passion with floral arrangement classes*

This new mom wanted to start a small business that allowed her and her clients to express their creative side. So Kayla Meyer began her journey of becoming a businesswoman to share her passions of agriculture and education with others.

Veggie and Vine is a come-to-you flower arranging class that helps people create fun and festive designs for their seasonal home décor. This service is available for private events — she has also done classes at local wineries and breweries. From bouquets to wreaths and garlands, Veggie and Vine can give those annual decorations an added personal touch.

“I fused together teaching people about flowers with showing how to arrange them,” Meyer said. “The end goal is to have produce to sell along with the flowers and use them in the classes as well.”

Veggie and Vine started in 2019 with Kayla doing flower classes at people’s homes and other private events. She is from Illinois and grew up farming and in the agriculture industry. She pursued her undergraduate degree in agricultural education and received her master’s degree in elementary education. When she moved, she missed the side of her that grew up on the farm, so she created a business that would bring education and agriculture together.

“I love being able to help educate people on a little niche thing they might not know about. Seeing their excitement keeps me going,” Kayla said. “At classes, all flowers, vases, utensils and snips are provided. Then

we go step by step on how to arrange flowers in a vase, garland or wreath.” Kayla is hosting flower arranging classes at her booth space during the run of the Flower + Patio Show.

“I really enjoy it, and I love to hear about the excitement behind each class,” she said. In addition to instructor-led flower workshops, Veggie and Vine offers custom orders for events — bridal shower flowers, baby shower flowers, performance bouquets and other season décor.

**Don’t miss Kayla from Veggie and Vine as she hosts special demonstrations and interactive flower classes at her Booth #524 in Exposition Hall! They are Saturday, March 11 at 2 p.m.; Sunday, March 12 at 2 p.m.; Friday, March 17 at 5:30 p.m.; Saturday, March 18 at 2 p.m.; and Sunday, March 19 at 12 p.m.**

# Oberfields Tulip Tavern Offers Outdoor Living Experience

*Rest and relax at tavern constructed by Lakeshore Hardscapes*

When you visit this year's Flower + Patio Show, don't forget to head to the Oberfields Tulip Tavern — a place where you can rest, relax and recharge while taking in the beautiful scenery.

## oberfields

Designed and constructed by Lakeshore Hardscapes, the tavern invites show attendees to enjoy a beer, glass of wine or a cocktail in a unique patio setting.

"This year's beer garden is the biggest sitting area we've ever had at the show — totaling approximately one thousand square feet of pavers," said Robb Lester of Lakeshore Hardscapes. "Our sponsor, Oberfields, has provided all the hardscape materials for the beer garden, stage and our featured garden. We're excited to work with all the Oberfields products at this year's Flower and Patio Show."

Oberfields Tulip Tavern is directly across from the Lakeshore Hardscapes featured garden in West Pavilion. Lakeshore Hardscapes' mission is to create backyard features that fit any home.

"As always, our gardens are inspired by ideas that are

practical for people to actually incorporate into their own outdoor living space," Lester said. "From paver patios and retaining walls to fire pits, pergolas and lighting,

no job is too small or too large, and we hope all Flower and Patio Show attendees can visit the Tulip Tavern and get some ideas for what their backyard or outdoor living space could look like."

"I have enjoyed the Flower and Patio Show for years as a visitor and more recently as a vendor," said Pete Frederick, territory manager with Oberfields. "We wanted to participate in the Tulip Tavern because it epitomizes the outdoor living experience we help create at Oberfields — sit down, relax, enjoy a drink and the beautiful surroundings. Lakeshore Hardscapes always does an amazing job putting the materials together, and we were thrilled to work with Robb Lester on this project."
